HHSC News & Notes

As the new snowmobile season draws near, you may notice some new items around the clubhouse. Over the last couple of months the officers and members of the club have been trying to come up with ideas to make the clubhouse more user friendly. Some of the ideas that surfaced were involved with things that riders could do at the clubhouse when you are done riding for the day or just taking a short break from the trails. A Big Thanks goes to member Bob Drake, who at the November 3rd meeting donated and delivered a pool table to help get things started with new things to do at the club.

Also you may now see snacks and munchies available to go along with the assorted drinks available at the clubhouse for a small donation. New motion lights will be installed on both ends of the clubhouse to benefit snowmobiles and vehicles that come in at night. Other ideas included having an activities night and the possibility of seasonal TV. If you have an idea on how to improve use of the clubhouse, please come to the next meeting or contact one of the officers or directors.

Youth Snowmobile Safety Course

A snowmobile safety course will be held on Saturday, December 5 2009 at the clubhouse. The course is limited to 30 people and will fill up fast.
